Analysed July 2020	

School Priority Area	Sport Premium Key Outcome/intention	Implementation	Cost Breakdown	Impact	Sustainability
To improve teaching and learning in P.E Staff CPD Increased confidence, knowledge and skills of all staff in teaching PE and sport The engagement of all pupils in regular physical activity	Staff to feel confident in delivery of PE sessions in school. The profile of PE and sport is raised across the school as a tool for whole school improvement All children regularly take part in physical exercise and are motivated Increased participation in competitive sports	Employ PE specialist through Superstar Sports Solutions to work 1.5 days a week in school. Supporting staff in lessons. Developing schemes of work and lesson plans. Lunchtime activities. After school activities Supporting PE co-ordinator with curriculum mapping. Develop assessment scheme	£9750 per annum Actual £5445 due to school being closed. Superstar sports did not come in to teach	Children to receive high quality PE lessons from a qualified coach which will impact on attainment at the end of KS1. Sessions were all observed to be good/outstanding and all children regularly engaged in physical activity in school In F2: 88% of children in the PD area of moving	Staff to have observed and worked closely with a PE specialist have developed a scheme of work which can be used and built on in the future. Funding is continuing into 2021 so we can continue to employ qualified sports coaches in school

				and handling reached the expected level or above. 16% of these were exceeding (based on March data and predictions due to school closure) In KS1 86% of children were expected or above with 6% exceeding.	
Improve children's fitness and encourage life-long healthy lifestyles. To develop use of physical exercise as a method of supporting wellbeing.	Children gain a deeper understanding of how to keep themselves healthy Children are engaged in purposeful physical activity when on the playground	The Life Bus to come into school in autumn term FS1 and FS2 topic on keeping healthy Purchase an Interactive Whiteboard from Anomaly for the playground	£ 300 (life bus) Tam Charlton (no cost) £3000 per year	Children have developed awareness and know how to keep themselves fit and healthy. Children can articulate this when asked Children are accessing high quality exercises before school, during playtimes and lunchtimes and after school to improve overall fitness.	Children are educated early on healthy lifestyles which will continue throughout their lives. This is becoming embedded and children can talk about healthy choices. Due to issues with the board often not working, we do not feel the impact on children was great enough to justify the cost so this has been removed
For children to feel confident using large scale equipment form a young age and to engage in risk taking	To improve our youngest children's fine and gross motor skills with a particular focus on gripping strength across the EYFA	Build structures in F2 with a focus on gripping strength (ropes/climbing walls/frames)	£1000 This will be carried over as builders merchants were closed due to Corona Virus	Children who don't make expected in Physical development at the end of F2 is mainly due to poor fine motor skills. We want to improve this	The playground structure will be chosen for its sustainability. It will remain in place for future cohorts to access
To expose children to new sports and PE experiences and to	Children to experience a wide range of physical exercises	Superstar sports to run a 'spy club'	£1050 for spy club (based on 30 weeks of coaching)	Children to experience a broader range of sports which are not part of the	Links made with external coaches

encourage more pupils to take up sport through after school clubs		Coach employed from Leah's dance academy Superstar Sports to run a Multiskills club weekly	£500 due to school being closed. Superstar sports did not come in to teach £750 for dance club £350 due to school closure Included in the 1.5 days of the coach's time	curriculum with the intention of improving fitness and interest in sports	
To ensure that children have the best equipment to achieve the best possible outcomes	Children to have the best opportunity to succeed in physical education	Discussion with PE coach about what equipment needs replacing or purchasing	Sportsafe £100.30 £1500	School is well equipped to teach PE to the highest standard.	Equipment needs to be replaced as instructed by Sports Safe
All children are given the opportunity to succeed physically, working in small groups where needed	To ensure that our SEN children's needs are catered for to ensure the best possible outcomes	TA paid for 2.5 hours a week to implement a funfit programme with KS1 SEN children	£596.50	The targeted children enjoyed the sessions and the TA reported an improvement in both confidence and gross motor skills in the children she was working with	This TA has shortened her hours so we have spoken to the new coach who will have some time during his day in school where he will focus on the SEN children
